

Summer 2016

Pregnancy Center of Milwaukee

Serving the Milwaukee area with a life-affirming message since 1985

Dear Friends,

Almost three years ago, “Angel” faced an unplanned pregnancy. We received a call from the mother of Angel’s boyfriend. The mother was concerned that Angel might have an abortion. She wanted to bring the couple to Care Net for an ultrasound because she knew we were a life-affirming center.

When Angel arrived for her ultrasound, both her boyfriend and his mother came along. Angel proceeded to the ultrasound room while the others remained in the lobby. A few minutes later there were shouts heard coming from the ultrasound room. The sonographer had found not just one baby, but two. Angel was having twins!

Angel’s boyfriend and his mom joined her in the ultrasound room. We were unsure how things would unfold given this new information. All eyes were on the boyfriend’s mother as she leaned over and gently touched Angel’s arm, stating “now we will have two babies to love!”

Several months later Angel gave birth to twin girls. We followed up and met with Angel several times. She told us that when she learned she was having twins she was in a very fragile place. She said she was glad she had found out about the twins at a place that affirmed life and encouraged her in her pregnancy.

Pictured above is our client, her twin girls and her new baby boy!

Imagine our delight when Angel (and her boyfriend’s mother who first brought her here) visited the center recently with her twin girls *and* a new baby boy! She brought a large donation of baby items to the center and wanted us to see the twins, meet her new son and let us know her family was doing well. What a joy to reconnect with this beautiful family!

We are thankful for all of our supporters and donors who make this life-affirming ministry possible so that women such as Angel will have a safe place to receive support and encouragement throughout their pregnancy and beyond.

Rachel N. Schepp
Executive Director

p.s. Please consider how you can support Care Net. As our ministry increases, so too does our need for support!

MOM'S GROUP UPDATE:

An average of 8 moms attended each of our Mom's Groups in June. One week we discussed Isaiah 40:29 which states "He gives power to the weak, and to those who have no might He increases strength." We talked about how we can allow God's strength to overcome our weaknesses. We split into small groups and got to spend time talking about where we turn to when we feel like we are struggling as a parent and how we can encourage one another in our parenting.

A recent client's reflection on the help she received at Care Net:

"The care that they have for people is amazing. I love the fact that they pray for you and it is a very inviting place.

I would just like to thank you ladies so much for not judging me or looking at me as a woman having kids and needing help but as a person of God who is bringing a life into this world.

Thank you for being willing to help me despite my flaws. I can't wait to bring my baby to meet you all!"

Pregnancy Tests are up!

91 pregnancy tests through the end of June

50 % increase in tests over the same period in 2015

50 % of women receiving pregnancy tests are considering abortion

Praise God that Care Net has the opportunity to reach women with a life-affirming message!

Do You Love Life...and Golf?

Then you don't want to miss the Third Annual Southbrook Church Golf Outing to Benefit Care Net!
